

Specification for the book of courses

Study program		Electrical Engineering and Computer Science		
Module		Electrical Power Engineering		
Type and level of studies		Undergraduate Academic Studies		
The name of the course		English Language I		
Lecturer (for lectures)		Stojković M. Nadežda		
Lecturer/associate (for exercises)				
Lecturer/associate (for OFE)				
Number of ECTS		3	Course status (obligatory/elective)	Obligatory
Prerequisites	none			
Course objectives	Acquiring basic communicative linguistic knowledge and skills in English language for Electrotechnology.			
Course outcomes	Most relevant communicative skills in English language directly related to future professional and/or academic students' posts.			
Course outline				
Theoretical teaching	Work on basic linguistic knowledge related to communicative situations in electrotechnology and computing, lexical and morphological knowledge, rhetorical structures. Representative models of spoken and written presentations in professional English.			
Practical teaching (exercises, OFE, study and research)				
Textbooks/references				
1	Slađana Živković, Nadežda Stojković, English for Students of Information and Communication Technologies, Elektronski fakultet, 2012.			
2				
3				
4				
5				
Number of classes of active education per week during semester/trimester/year				
Lectures	Exercises	OFE	Study and research work	Other classes
2	0	0	0	0
Teaching methods	Lectures, office hours			
Grade (maximum number of points 100)				
Pre-exam duties	Points	Final exam	Points	
Activity during lectures	20	Written exam	30	
Exercises		Oral exam	30	
Colloquia	10			
Projects	10
